After breakfast start a half day walking tour of Belgrade's highlights including City Hall, the National Parliament, Terazije Square from where Knez Mihajlova Street, the main pedestrian zone, begins. Walk through the beautiful Kalemegdan Park and explore the fascinating Belgrade fortress with an unforgettable view on the confluence of two of European great rivers: the Danube and the Sava. Finish the tour in Skadarlija, the bohemian quarter. Stop for a delicious lunch in Skardalija. Afternoon free to explore further or relax in one of Belgrade's cosmopolitan cafés.

Belgrade has been the capital of Serbia since 1403, when Despot Stefan, son of Prince Lazar, moved his palace here. Walk through the elegant Republic Square and pay attention to its architectural monuments, such as the National Theatre and the National Museum. Stroll along Knez Mihajlova Street, the main shopping street and meeting place, to see a few other masterpieces of Belgrade architecture.
The **Fortress of Kalemegdan**, which is the symbol of Belgrade, is where the River Sava flows into the Danube. The Upper fortress area includes well-preserved artillery structures dating from the 18th century, as well as a medieval fortification - an acropolis with original or partly reconstructed ramparts, gateways, towers and the excavated ruins of a 15th century castle. A few Turkish monuments and some ancient Roman remains also lie in this area. In this section of the fortification complex you’ll see the elegant 18th century Baroque Clock Tower and the Roman Well. The Eastern Ward features the Rose Church of Our Lady, along with a panoramic view of the Lower fortress and its monuments - the Nebojsa Tower, the Baroque Gate of Karl VI and the remains of the medieval metropolitan palace.

Vojvodina and the region of **Fruska Gora** is the only hill in the entire Panonian Valley. Located on the slopes of this hill are seventeen medieval monasteries, which for several centuries represented the spiritual centre of the region, often labelled as the Serbian Mt. Athos. Krusedol Monastery, founded in the 16th century, is known for its attractive location, historical importance, and a variety of decorative frescos in its church.

**Sremski Karlovci** is a picturesque Baroque town that used to be a Serbian religious and educational centre in the 18th and 19th centuries. Enjoy the Baroque-style fountain from 1790 and Karlovci High School. This site dates back to the end of the 19th century and contains decorative elements reminiscent of mediaeval Serbian buildings. You can also visit the Patriarch's Palace, once the most imposing building in the whole region, as well as the Cathedral from the mid-18th century.

**Novi Sad** is one of Serbia's biggest cities and is the capital of the semi-autonomous region of Vojvodina. It is a modern, lively city with many growing businesses. At the same time, it maintains a beautiful flavour of its past. Walk through the centre of Novi Sad to visit the main Orthodox Cathedral and the main Catholic Cathedral, then continue walking along the famous Dunavska street.

Visit the **Fortress of Petrovaradin**, once called 'Gibraltar on the Danube'. This Austrian artillery fortification is situated above the river and represents the second largest structure of its kind preserved in Europe. Built by Austrians in the 17-18th centuries at the spot of former Roman, Byzantine and Hungarian settlements, the fortress plays a very important role in the life of the town even today, as many cultural events are organized there. It also features 16km of underground tunnels.
